

## Promises Made. Promises Kept.

“With CHS - A Partnership of  
Continued Promise.”

Melvin Pettibone, Board Member  
South Baldwin, Regional Medical Center,  
Foley, Alabama.

Throughout our partnership with CHS, we have continued to make significant improvements to our hospital—just as promised. The newest investment is a \$5.5 million project that will replace all of our existing semi-private rooms with private rooms and add two additional surgical suites by Spring of 2004.

CHS' continued commitment to South Baldwin Regional Medical Center is already evident to our community in so many ways. We've added more than \$4 million in new imaging and radiology equipment, and our emergency room has had a \$2.2 million upgrade and expansion. Now, with twice as many ER beds and new, state-of-the-art equipment, our hospital consistently ranks at the top of the list among CHS-affiliated hospitals for emergency department patient satisfaction.

Our relationship with CHS has allowed the board to focus more on the future of this hospital. Our level of involvement has remained strong but we can now direct our attention to more strategic issues. CHS has proven their commitment to this community...over and over.

*"It's a partnership of continued promise."*
